

14<sup>th</sup> February 2018

Dear Guests of Land Rover NZ Polo Open,

As a result of the unprecedented level of rainfall during the last two weeks, the Auckland Polo Club polo grounds are unfit to play on. It is therefore with great disappointment we have to tell you that the 2018 Land Rover NZ Polo Open has been unavoidably cancelled.

This is a not a decision that has been taken lightly. Health and safety of players, horses and our guests is paramount and is severely compromised in these conditions. We want our guests to enjoy a unique and enjoyable polo experience at the NZ Polo Open, and with the unstable weather and very damp grounds this is simply not possible.

We are very grateful for your support and all the work that has gone in by so many people. We look forward to welcoming you to the 2019 Land Rover NZ Polo Open under sunny skies next February.

Please contact me with any queries.

Kind regards,

Hannah Marshall  
Event Director
